Pest Animal Control Workshop

Providing free information on control methods and strategies

- Speakers will include rangers from the Livestock Health and Pest Authority (LHPA) discussing proven methods of pest control within your area
- Demonstrations of various trapping and baiting techniques
- Find out about new innovative control techniques such as the “Rodenator” for rabbit burrow destruction
- Accreditation in the LHPA’s ‘1080/Pindone Induction Course for Landholders’ available in the afternoon if participant numbers are sufficient

When: Tuesday 31 July 2012
9am - 1pm

Where: LHPA Office
13 Mitchell Street
Yass

RSVP: By Friday 27 July 2012
Melinda Johnson - Murrumbidgee CMA Natural Resource Officer
